

HELP PREVENT EQUIPMENT THEFT

Register Your Contractor's Equipment

Hundreds of millions of dollars of mobile equipment is stolen from U.S. construction sites every year. Most of this equipment is never recovered.

TAKE ACTION

Register your contractor's equipment with the National Equipment Register (NER).

HELPTech® (Heavy Equipment Loss Prevention Technology), NER's national database, allows a police officer anywhere in the country to identify the true owner of equipment 24 hours a day – even before a theft is discovered and reported.

Since 2001, NER has helped recover millions of dollars of equipment.

REGISTRATION COST

Registration includes secure, password-protected and searchable access to registered items.

In addition to an online inventory management system, you'll receive three theft decals for every item you register. Decals warn potential thieves of the heightened risk of detection and arrest while moving, storing or selling a registered piece of equipment.

Lifetime Fee

For \$40, you can register a piece of equipment for as long as you own it.

Annual Fee

Larger fleet? The annual fee may be more cost effective – and FCCI policyholders are eligible for a 20% discount. The fee scale applies to the number of items registered; you can add/delete items as needed.

Item Count	Annual Fee	20% FCCI Discount (Use Discount Code FC495)
1 to 5	\$75	\$60
6 to 10	\$100	\$80
11 to 20	\$180	\$144
21 to 50	\$400	\$320
51 to 100	\$700	\$560
100+	Call NER for pricing	

HOW TO REGISTER

Call NER at (201) 469-2030, send an e-mail to info@nerusa.com, or visit www.ner.net, and click the HELPTech® icon.

FCCI is proud to partner with the National Equipment Register.

WAIVER OF DEDUCTIBLE

FCCI offers an endorsement that waives the deductible on scheduled FCCI contractor's equipment if the insured equipment that was stolen was pre-registered with NER.
