

Added Protection for Equipment Owners

Offering Solutions for Equipment Theft and Recovery

HERE AT COMPASS, OUR PEOPLE MAKE THE DIFFERENCE. DELIVERING SUPERIOR CUSTOMER SERVICE AND COMPREHENSIVE PRODUCT CAPABILITIES. TRULY COMMITTED TO CREATING STRATEGIC LONG-TERM RELATIONSHIPS. A STRONG EMPHASIS ON PERSONALIZED ATTENTION. ANTICIPATING NEEDS AND INITIATING SOUND SOLUTIONS.

We go the extra mile to help protect the things that are most important to you.

The theft of construction and farm equipment is a growing and costly problem which has a direct impact upon a company's bottom line.

To help our clients combat equipment theft, Compass Insurance is working with National Equipment Register (NER) to offer HELPtech®, a program that allows clients to register construction or farm equipment in a national database. This secure and confidential registration, including serial numbers, gives law enforcement officials anywhere in the country the ability to identify the true owner of equipment 24 hours a day – even before the theft has been discovered or reported.

Through this collaborative effort, NER is offering a 20% discount on HELPtech® registration fees to Compass Insurance clients when they register their equipment.

Other benefits of registration include:

Deterrence. Thieves will be deterred where equipment (and premises) have been marked with NER decals.

Theft Reporting. As soon as a theft is detected, if NER is notified by the equipment owner, a full loss report will be added to the NER database, ensuring the speed and accuracy of the loss report.

Recovery. NER will be able to identify you as the owner of a registered piece of equipment, increasing the chances that your machine will be identified and recovered.

Proof of Ownership. You can record both component and owner-applied numbers on NER's HELPtech® database, which not only gives law enforcement an added identification tool, but also helps prove ownership.

Risk Management. Theft deterrence and the increased chance of recovery will help control loss whether insured or self-insured.

Discounts. Contact NER for more information if you are insured by an NER member insurer or affiliated with any other NER partners. A full list can be found at www.stopequipmenttheft.com.

Data Security. Your data is only used for one purpose—helping law enforcement identify you as the true owner of your equipment.

In addition, our staff will have direct access, through NER's expertise and industry contacts, to provide the best coverage options and solutions to further assist clients in reducing the risk of equipment theft.

We deliver for our clients.

Compass Insurance is committed to delivering superior service to our clients—which may explain why our relationships with most of our clients have become long-term partnerships.

Our experienced professionals are problem solvers who stay up-to-date on local and national trends through memberships in key industry organizations. These affiliations provide important access to the latest industry information and help us meet your needs more quickly and effectively.

Insurance products are offered through Compass Insurance Agency, Inc., an affiliate of Compass Bank. Insurance products are not FDIC Insured, are not bank deposits, have no bank guarantee and are not insured by any federal government agency.

Compass Insurance is not affiliated with NER, and makes no representations or warranties with respect to NER or the services they offer.
