

## Intact Inland Marine | Fighting Equipment Theft

In the highly competitive construction business, the last thing you need is to have your equipment stolen. Theft is a prevalent problem in the industry, with millions of dollars worth of equipment stolen every year. That's why Intact Inland Marine has joined forces with the National Equipment Register (NER) to offer extra layers of protection against this threat.

We're pleased to offer our customers enhanced protection through NER's secure HELPtech® database, available 24/7 from anywhere in the country.

### NER's HELPtech

By working with NER, Intact Inland Marine customers can hinder thieves and greatly increase the chance that stolen equipment is recovered. Just register your equipment with NER's HELPtech database, a secure and confidential database that enables law enforcement to identify the true owner of any registered machine 24 hours a day, seven days a week, anywhere in the country—even before a theft is discovered and reported.

### How It Works

NER's secure and confidential database includes more than 22 million ownership records and more than 100,000 theft reports. Additionally, it collects multiple points of identification for a single machine. In the case of theft, NER can use its database to apply a unique search algorithm to find possible equipment matches and enables law enforcement to identify the true owner of any registered machine.

Additionally, we also offer a theft deductible waiver endorsement\* to its insureds registered with NER. In the event that a registered piece of equipment is unable to be recovered, and the theft was reported to local law enforcement, the endorsement waives the theft deductible, up to \$10,000.

### Registration and Cost

For a nominal annual fee, owners can register their entire fleet of equipment with NER. As an Intact Inland Marine policyholder, you will receive preferred pricing which includes a 20% discount off the regular retail pricing as follows:

Number of Items	Price
Up to 50	\$200
Up to 150	\$360
Up to 1000	\$600
Over 1000	Call for Pricing

## Contact Information

For more information about this program please contact Michael St. Hill at the National Equipment Register; [msthill@nerusa.com](mailto:msthill@nerusa.com) or 866.663.7872.

To learn more about NER and register your equipment visit: [www.ner.net](http://www.ner.net). The discount code for Intact Inland Marine clients is **OB735**.

## About National Equipment Register

The National Equipment Register (NER), a division of Verisk's ISO Crime Analytics unit, helps equipment owners manage

equipment risks. Since 2001, NER has helped thousands of equipment owners and their insurers deter theft and has enabled law enforcement to recover millions of dollars of stolen equipment through HELPtch®, a national equipment marking and registration program. In 2009, NER launched IRONcheck®, a machine-history search for used equipment buyers. In 2013, NER launched IRONwatch®, a GPS tracking and location device which comes with a no monthly monitoring fee program. NER's data management skills and equipment expertise are also used by fleets to support compliance with new regulations. For more information, contact NER at 201.469.2030 or at [info@nerusa.com](mailto:info@nerusa.com). You can visit the NER website at [www.ner.net](http://www.ner.net).
